I'm Fullstack Junior developer with training and experience. My specialty is in Frontend development, mastering technologies like HTML, CSS, Tailwind, JavaScript and React. I also have Backend experience using Node.js and SQL and NoSQL databases. I am passionate about creating web solutions that meet the needs of users, applying technical skills, creativity and a passion for development. I am an excellent collaborator and effective communicator, with critical thinking and the ability to work in agile environments. I am eager to continue learning and growing in my career as a Frontend Developer.

TECHNOLOGIES:

Programming languages: JavaScript - Node.js.

Others/Frameworks: React – Redux - Express.js - CSS3 – Tailwind – HTML.

Databases: MySQL - Postgres.

Tools: Git – Github – Slack – Figma – CorelDraw - Photoshop.

PROFESSIONAL EDUCATION

- Full Stack Web Developer. Henry Bootcamp. 700 hours of theoretical-practical course. 2023.
- Architectural drawing. SENA Girardot.

LANGUAGE

- English A2.
- Native spanish
